

## An Empty Cup (And a Broken Date)

**Buddy Holly**

One lonely night at this drive-in  
And now I know what a foo-ooll I've been  
She was to meet me, we had a da-ate  
A date at seven I dreamed of heaven  
Now it's way past eight  
She just drove by with another guy  
No wonder I can't he-elp but cry

To think she never cared just tears me up  
Now all I have to show for love  
Is this empty cup  
Just like this Coke  
My love is gone I've hit the bottom  
Now I'm all alone
