

# Gone

**Buddy Holly**

Now you're gone  
the sun, the moon, the stars in the sky  
know the reason why I cry  
I know I'm wrong - I'm all alone  
now you're gone

Oh, what I've give  
for the lifetime I've wasted  
the love that I've tasted  
I'm all alone - I know I'm wrong  
now you're gone
