

Little Baby

Buddy Holly

Little baby, baby me
Little baby, baby me
In my heart you are the one
Look around and have your fun
Oh woh woh-woh
You be my little baby
And baby me

Little baby can you see
What your love has going to be?
Can you see love in my eyes?
Love that leaves me full of sighs
Oh woh woh-woh
You be my little baby
And baby me

Little baby, baby me
Little baby, baby me
Maybe I will baby you
With a bunch of love for you
Woh woh woh-woh
You be my little baby
And baby me
