

Queen of the Ballroom

Buddy Holly

You're the queen of the ballroom
You're in every ma-an's arms
When I look upon you
How you thrill me with your charms

You have all the men at your feet
With your lovely lovely ways
And I will love you forever and al-always

May I have, may I have this da-a-a-ance?
Now I know you're looking for fun, not romance

You're the queen of the ballroom
And I love you more and more
Queen of the ballroom
Queen of the ballroom floor

May I have, may I have this da-a-a-ance?
Now I know you're looking for fun, not romance

You're the queen of the ballroom
And I love you more and more
Queen of the ballroom
Queen of the ballroom floor
