

That Makes It Tough

Buddy Holly

That makes it tough, woh, so tough
When you tell me you don't love me
That makes it tough oh, oh so tough whoa-oh
When you say you don't care for me no more

Memories will follow me for ever
Tho' I know our dreams cannot come true
All those precious things we shared together
Time goes by, I'll still remember you

And that makes it tough, oh so tough
When you tell me you don't love me
That makes it tough oh, oh so tough, mm mm mm mm, whoa oh
When you say, you don't care for me no more
Mm mm mm mm mm mm mm mm mm mm
