

If She Were Any Other Woman

Buddy Jewell

If she were any other woman
I wouldn't be going home right now
I'd stay out a little while longer
Put another coat of paint on this town

If she were any other woman
I'd go home just to keep the peace
But I've found she's where I find it
So that's where I wanna be

If she were any other woman
She wouldn't have this hold on me
Ain't no woman like my woman
So there ain't no other man I'd rather be

If she were any other woman
Lord knows, she might have thought twice
'Bout hanging all her dreams on a dreamer
'Cause it ain't been an easy ride

If she were any other woman
No tellin' where I'd be right now
She keeps my head from turnin'
And my feet on solid ground

If she were any other woman
She wouldn't have this hold on me
Ain't no woman like my woman
So there ain't no other man I'd rather be

She wouldn't stay on my mind
Mornin', noon and night
She wouldn't move me like she does

If she were any other woman
She wouldn't have this hold on me
There ain't no woman like my woman
So there ain't no other man I'd rather be

Ain't no woman like my woman
So there ain't no other man I'd rather be
