I Can't Get Over You

Buddy Miller

I've been trying for a long long time But no matter what I do When I turn to leave my heart stays behind Cause I can't get over you I keep movin' on running hard and fast But everywhere that I run to I'm just standing still livin' in the past Cause I can't get over you If memories were like the leaves that fall The wind would have carried them from my mind The seasons pass but they never change A broken heart can't keep time

If memories were like the leaves that fall The wind would have carried them from my mind The seasons pass but they never change A broken heart can't keep time While I've watched as colors faded in the sun The color of my love stays true I've been letting go now and I'm not holding on I just can't get over you I just can't get over you
