

Baby, Please Don't Go

Budgie

Baby please don't go
Baby please don't go
Baby please don't go down to new orleans
You know I love you so baby please don't go

Let your mind let go
Let your mind let go
Let your mind let go at the county ball
You wear your shackle low baby please don't go

Gonna be a dog
Gonna be a dog
Gonna be a dog make you stay down here
Make you walk alone baby please don't go
