

## Falling

**Budgie**

I tried to crawl away from it all  
All that I did just speeded my fall  
Falling, falling

I know the take, write it in haste  
Now that the world is up to my face  
Falling, falling

All through the day, all through the night  
I keep on hoping that I'll win the fight  
Falling, falling

Giving it up, I can't give it away  
Giving t up, I can't keep it at bay  
Giving it up, I can't give it away  
Giving it up, I can't keep it at bay
