## **Hammer and Tongs**

## **Budgie**

Woman I can hear you woman in my soul I wish I was your daddy I wish I was your mammy Just lay down your hammer and tongs

Woman I can love you woman think you know I wish I was you daddy I wish I was your mammy Just lay down your hammer and tongs

Woman live like a song look around at Who you see the tongs
Woman see the marks of life
That you thought are right are wrong
