

I Ain't No Mountain

Budgie

Now it wasn't easy when you didn't see much
And you buried your feet
And you lost your love
You cheated someone

Then you strayed too far
Now you're on your own
And you drive your car

I ain't no mountain for you to climb on
I ain't nobody that you could be
So don't make me bed for me to lie in
While I'm paying like the rest

I ain't no mountain for you to climb on
I ain't nobody that you could be
So don't make me bed for me to lie in
While I'm paying like the rest

Although you see some action
You know it's bad
Oh let's see you tell you, 'bout you on your hat
Don't speak so loudly as you drive your car
Boy you blow your mind, and I know who you are

I ain't no mountain for you to climb on
I ain't nobody that you could be
So don't make me bed for me to lie in
While I'm paying like the rest

I ain't no mountain for you to climb on
I ain't nobody that you could be
So don't make me bed for me to lie in
While I'm paying like the rest
