

Keeping a Rendezvous

Budgie

Making me warm under the storm
Keeping a rendezvous
Making me warm under the storm
Keeping a rendezvous

I couldn't stand the rain
Without you to keep me dry
You wouldn't stand it
So we'll meet before you start to fly

I've got a thousand miles to fly
But I can make it by the morning light

Making me warm under the storm
Keeping a rendezvous
Making me warm under the storm
Keeping a rendezvous

I haven't seen you girl
So long, it seems like years have gone
Some things can be so good
It happens time and time again

There's nothing now so we can play
I'll be there sooner girl than yesterday

I've got a thousand miles to fly
But I can make it by the morning light
There's nothing new so we can play
I'll be there sooner girl than yesterday

Making me warm under the storm
Keeping a rendezvous
Making me warm under the storm
Keeping a rendezvous
