

Love Is When You Love

Budgie

Spend your time taking love
Giving no love in return
Sooner or later you're gonna find
Her love will no longer burn
You have to give her everything
She'll want you if you try
Now's the time to give your love
Before she says goodbye

Love is when you love
Love is when you try
When you give your heart
Love will never die

If she's lonely hold her close
Make her feel secure
Talk to her and listen too
Cos that is what love is for

Run to her or call her up
And tell her not to cry
Now's the time to give your love
Before she says goodbye

Love is when you love
Love is when you try
When you give your heart
Love will never die

Spend your time taking love
And giving no love in return
Sooner or later you're gonna find
Her love no longer burns

You have to give her everything
She'll want to if you try
Now is the time to give your love
Before she says goodbye

Love is when you love
Love is when you try
When you give your heart
Love will never die

Love is when you love
Love is when you love
Love is when you love
Love is when you love.....

Love is when you try
When you give your heart
Love will never die
