

Rock Your Blood

Budgie

We're rocking and rolling tonight, like a ball
We're taking in movement and light, I want it all
Yeah, give us the day, we're on the town
taking in movement and light, I want it all
Well fear of the past, Wooh, nothing ever lasts
No no no no no no

Rock your blood for me
We get it, get it, get it, get it
Rock your blood for me
Woo -ooh ooh
Rock your blood for me
You get it, we get it
Got to Rock your blood for me
Don't ever stop (Yeah, no no no no)

Burning a fever tonight, there's rock in our veins
You figure we're oh so tight, we're all smokin' today
Well, give us the day when we're on the stage
We're burning a fever tonight, smokin' again
Yeah, fear of the past, no no no nothing ever lasts
No - it never lasts

A Owww, said

Rock your blood for me
You got it, we get it, we got it
Rock your blood for me
The line that don't ever stop
