

# We're All Living in Cuckooland

**Budgie**

I can see we're tumbling down to earth  
As for me I'm falling for all I'm worth  
Everything that's wrong isn't right for me  
I'm not wrong cos right is the way to be  
You know, you know  
We're all living in cuckooland!

All the killers celebrate victory  
Unbelievers check out your history  
And all the helpers dying to help you out  
Everybody's drinking us to a drought, no doubt  
You know, you know  
We're all living in cuckooland!

Words are twisted so you can't understand  
The aural menace spreading across this land  
Even love is hated for being good  
That'll end when people do what they should do  
You know, you know  
We're all living in cuckooland!
