

Whiskey River

Budgie

Oh lay me down girl, 'cause i'm going
Like a river , overflowing
I hear someone who is crying
I don't know 'cause i am dying

See my father tell my mother
Tell my sister tell my brother
Get me out girl and i'll feel better
Bring me round with whisky glitter

Now I lie here i have fallen
Hear the sound of music calling
Mirror mirror i am seeing
Half a man but not believing

Oh, don't like believing
