

Do I Have to Come Right Out and Say It

Buffalo Springfield

Do I have to come right out and say it?
Tell you that you look so fine
Do I have to come right out and ask you to be mine?

If it was a game I could play it
Trying to make it but I'm losing time
I got to bring you in, you're overworking my mind

Indecision is crowding me
I have no room to spare
And I can't believe she cared

Like a dream she has taken me
And now I don't know where
And a part of me is scared
The part of me I shared once before

Do I have to come right out and say it?
Tell you that you look so fine
Do I have to come right out and ask you to be mine?

Indecision is crowding me
I have no room to spare
And I can't believe she cared

Like a dream she has taken me
And now I don't know where
And a part of me is scared
The part of me I shared once before

Do I have to come right out and say it girl?
Tell you that you look so fine
Do I have to come right out and ask you to be mine?

If it was a game I could play it
Trying to make it but I'm losing time
I got to bring you in, you're overworking my mind

Do I have to come right out and say it girl?
Tell you that you look so fine
