

## Rock & Roll Woman

Buffalo Springfield

There's a woman that you ought to know  
And she's coming singing soft and low  
Singing rock n roll she's a joy to know  
Neath the shadow of her soothing hand  
I am free there just to make my plans

Dream of far away lands

Anything close at hand

And she will follow me why do you know  
Familiar places she's been by  
But if it seems she don't have to try

And tomorrow she's a friend of mine  
And the sorrow I see her face is lined

She's no longer mine  
She's just hard to find
