

Impossible

Buffalo Tom

One things for sure
It's not the same anymore
Close the door
There's a wind coming in
And if it's true
I will believe in you, in you, in you
And if it's true
I will believe you, believe you
That's what I will do
And if your sure
Say no more
It's impossible
It's impossible
In and out
I'm runnin out of time
Friends of mine
I feel like I'm getting old
And If it's true
There are some things that I must do
Me and you
Me and you
And if it's true
I will believe you, believe you
That's what I will do
And if you're sure
Say no more
It's impossible
It's impossible
