I'm killing time
Want it all the time
Want it to go away

I'm stealin' time
Want time all the time
Or want it to go away

Revolution Revolution Revolution

How come people don't fuck it up?
It's like turning on the heat

I'm just in time Time to see it all Make it go away

I change my mind Change it all the time Want it to go away

Revolution Revolution Revolution

How come people don't fuck it up? It's like turning on the heat
