

## Sidewalk

**Built to Spill**

Come on, break it up  
It's gone on long enough  
What has it changed for you?  
What has it changed for you?

The tubes tag along  
The radar's got it wrong  
What hasn't changed for you  
What hasn't changed for you

Can you wait for the sidewalk?  
Waiting for you  
Can you wait for the sidewalk?  
Can it wait for you?

Can you wait for the sidewalk?  
Can it wait for you?  
Can you wait for the sidewalk?  
Can it wait for you?

Come on, break it up  
It's gone on long enough  
What has it changed for you?  
What has it changed for you?

The tubes tag along  
The radar's got it wrong  
What hasn't changed for you  
What hasn't changed for you

Can you wait for the sidewalk?  
Waiting for you  
Can you wait for the sidewalk?  
Can it wait for you?

Can you wait for the sidewalk?  
Can it wait for you?  
Can you wait for the sidewalk?  
Can it wait for you?
