

Time Trap

Built to Spill

It's barely yours on loan
What you think you own
The ideas in your bones
The place that you call home
In your bones

Back where you're from
This would still feel dumb
Do you want to change your mind?
Do you

Do you want to change your mind?
'Cause you could never know that
In a time trap
In a time trap

Now because
Guess that's all fair
Guess that's all there
Grey and sprawling
Ever was
Save your crawling
'Cause you could never know that

In a time trap
Do you want to save your life?
In a time trap

Do you want to save your life?
In a time trap
'Cause you could never know that
In a time trap
