

## When Not Being Stupid Is Not Enough

**Built to Spill**

When not being stupid  
Is not enough  
When not being wrong  
Is not enough  
Waited such a long time  
Have I waited too long?  
In a world that's so bad  
It's not hard to feel good  
You do what you have to  
Not as much as you could

Just because you're not wrong  
Doesn't mean that you're right  
When not being stupid  
Is not enough  
When not being evil  
Is not enough  
You look all around you  
Never look up at the stars
