

# Hills And Valleys

Buju Banton

Only Rasta can liberate the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe for a minute that they are with you  
Jah free the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe for a minute, they don't like you

Why try to make I unhappy  
Really I don't know  
If it was up to them my friend  
We would never see the sun nor the snow  
Through that mystical communication within  
We keep on coming together  
I love to see brothers and sisters  
Looking out for one another  
That's the way it should be  
Not contrary, stop tearing down each other

Only Rasta free the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe one minute that they are with you  
Jah free the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe for a minute that they are with you

Hard drugs won't do  
You're just behaving like they want you to (yeah)  
Arrogance is much different from ignorance  
And I know you feel the same way too  
Many live this life without having a clue  
No reason why they are so sad and blue  
Places to go so much things to do  
Not a moment to reflect on the cycle of life (yeah)

A who free the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe for a minute that they are with you  
Jah free the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe one minute, they don't like you

It hard, it hard, it hard (yeah)  
Mek them know we waan go home a we yard  
It hard, it hard, it hard (let them know)  
Let them know we waan go home a we yard  
It hard, it hard, it hard (let them know)  
Let them know we waan go home a we yard  
It hard, it hard, it hard (oh god)  
We waan go home

Only Rasta free the people

Over hills and valleys too  
Don't let them fool you  
Don't believe one minute, they don't like you

A who free the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe one minute, they don't like you  
Jah free the people  
Over hills and valleys too  
Don't let them fool you  
Don't believe one minute, they don't like you
