

Small Axe

Buju Banton

Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree

Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree

Been on your love line for so long
Won't you be mine age is no crime
Been loving you every minute every hour
All I ever need

Small axe fall big tree
Though I'm just a baby
Safe in your arms
That's where I wanna be
Small axe fall big tree

And I know you won't
Treat I like others would
Warm embrace truly I feel good
So much to learn this heart inside I burn
And I'm still be right here waiting my turn
