

Ilona The Very Best

Bulldozer

(It) was a sunday night and we decided to see the show
Sure to spend a great time we do fast take to the road
We could not imagine what we were to see that night
The vary greatest whore that you could see was just in sight
Great!

She plays with her pussy - she lets her fans lick her clitorids
And she opens the asshole - she lets my finger slip in:

"inside, down!"

The red light show begins she sings a famous song

But the words are not the same because

She changed them all

She says she is gonna make a revolution to shock the world

"it's better masturbate instead of sufferin' for love"

Ilona you are the very best!

We saw before a movie in which

She takes a golden shower

A friend of her called Susan takes

A clister with the champagne

Then she fucks a dog and licks the prick

Of a big stallion (real one)

We could not believe to see perversion here "live"

Great!

She plays with her pussy - she lets her fans lick her clitorids

And she opens the asshole - she lets my finger slip in:

"inside, down!"

After fifteen minutes she walks down

From the stage then

She dives into the crowd to touch and to be slaked

A fan of her is shy, she rubs her pussy along his face

The crowd is getting hot, Ilona is not going to stop

Ilona you are the very best!

Last number of the show is gonna shock the fan who see

She climbs up to the stage with a snake around a leg

She starts to play, she moves the tail, she puts (it) inside the hole

She takes a pee and you can see it's flowing to the folk

Great!
