

## The Final Separation

**Bulldozer**

Pretentious mother of the children and the poor  
The victims you forgot, and your servants too  
You seem so careless when sinners are to be  
Sent to the gallows with demons and fools

We don't believe What St. John said  
We refuse you Religions dead

Pretending to enjoy when triumph will be  
Eating the flesh of dead people free  
You won't be the mistress of earth and sea  
Cause the men of the vengeance will fight with us
