

## 4 Words (To Choke Upon)

### Bullet For My Valentine

Betrayed one more time  
But somewhere down that line  
You're gonna get what's coming to you

(look at me now) look at me noooow

pull the knife from my back  
to leave the one, inside, intact ?  
i can't wait to return the favour

(look at me now) look at me noow

too many times i've seen it  
rip a hole into our friendship  
this is how it's been, how it always will be..  
you think you're above me (YOU THINK YOU'RE ABOVE ME)  
but now i need to end this  
four words to choke upon..
