

## Army of Noise

## Bullet For My Valentine

So here we are  
Weapons in arms  
Army of noise has come to destroy  
We will not fall  
Brothers in arms  
We will deploy our army  
An army of noise

Anticipation we're on the attack  
Just keep pushing forward  
Theres no turning back  
There is a tension that hangs in the air  
So take a deep breath  
Theres no time to be scared  
Lights out, fist raised  
Adrenaline rushing infecting our veins  
Now feel the heat as the temperature spikes  
Bodies are thrashing the fire ignites

We're gonna watch it burn  
Let it turn to dust

Behold the madness  
Such a beautiful sight  
It will never get old  
Here's to chaos tonight

Embrace the noise let it rip through your brain  
A legion of snakes that are shedding their skin  
A new aggression is starting to breed  
Theres no holding back  
Are you ready to bleed  
Scream out, eyes wide  
A venomous mainline infects you inside  
So feel the sound as it pounds in your chest  
Eardrums exploding bodies possessed

Were laying down our souls  
Lay them down to rest
