

Breaking Point

Bullet For My Valentine

Yeah!

Spitting out my (Poison)
Acidic taste on the tip on my tongue,
I can't take your (Medicine)
You're so bitter better get up and run

Warning! Eye for an eye
When revenge comes charging
Warning! Eye for an eye
You won't see it coming
... You won't see it coming...

If you carry on,
You won't win that fight,
If you take me on,
You'll find my breaking point

Please don't test my (Patience)
My short fuse you don't wanna ignite,
Do not scratch the (Surface)
And wake the beast cause it's ready to fight

Warning!
Eye for an eye
When revenge comes knocking
Warning!
Eye for an eye
You won't feel it coming
... You won't feel it coming...

If you carry on,
You won't win that fight,
If you take me on,
You'll find my breaking point

Everybody's got a breaking point,
Nobody wants to see that side of me,
Stop pushing 'cause I won't back down,
Nobody's gonna break that part of me

(solo)

It's an eye for an eye
It's an eye for an eye
It's an eye for an eye
It's an eye for an eye

If you carry on,
You won't win that fight,
If you take me on,
You'll find my breaking point

If you carry on,
You won't win that fight,
If you take me on,
You'll find my breaking point

Yeah!

I'm at my breaking point
