

## Forever and Always

### Bullet For My Valentine

Our time is here again prepare to be apart and it drives you crazy  
Each time I go away the distance gets longer but it makes us stronger  
Should it all come crashing down around me?  
Would you be there should I stumble and fall - pick up the pieces  
Woo-oh-oh care about the shit that we've been through I want to stay here  
forever and always  
Woo-oh-oh standing here in front of all of you I want to stay here forever and always  
These days are dead again it's empty from the start and it drives me crazy  
The hours drift away it hurts to remember this will soon be over  
Should it all come crashing down around me?  
Would you be there should I stumble and fall - pick up the pieces  
Woo-oh-oh care about the shit that we've been through I want to stay here  
forever and always  
Woo-oh-oh standing here in front of all of you I want to stay here forever and always
