

Forever and Always

Bullet For My Valentine

Our time is here again prepare to be apart and it drives you crazy
Each time I go away the distance gets longer but it makes us stronger
Should it all come crashing down around me?
Would you be there should I stumble and fall - pick up the pieces
Woo-oh-oh care about the shit that we've been through I want to stay here
forever and always
Woo-oh-oh standing here in front of all of you I want to stay here forever and always
These days are dead again it's empty from the start and it drives me crazy
The hours drift away it hurts to remember this will soon be over
Should it all come crashing down around me?
Would you be there should I stumble and fall - pick up the pieces
Woo-oh-oh care about the shit that we've been through I want to stay here
forever and always
Woo-oh-oh standing here in front of all of you I want to stay here forever and always
