

Raising Hell

Bullet For My Valentine

I feel the fire
Can't touch the flames
This is reality, an infinite game
I taste the blood
Can't seem to gain
The deed is done, but the debt is in pain

Everyday seems I'm running from the reaper
Kicking and screaming and throwing and swinging
Without my soul your a gun without a trigger.
Fate is unfolding, who made you the king of the dead?

This is a war
That can never be won
Let me go!
I'll fight forever as the heavens fall.
I'm raising hell!

This is a war
That can never be won
Let me go!
I'll fight forever as the heavens fall.
I'm raising hell!

RAISING HELL!!

You have a choice, you regress off your master?!
No mistakes, no remorse
Are you hearing this?
You want to test me?
I know, you'll destroy you!
Save your breath, nothing's left
Here I come at you

Everyday seems I'm running with the reaper
Kicking and screaming, the demons are singing
Waste away as the grave is getting deeper
Weakness is showing
I'll make you a Slave for The Dead

This is a war
That can never be won
Let me go!
I'll fight forever as the heavens fall.
I'm raising hell!

This is a war
That can never be won
Let me go!
I'll fight forever as the heavens fall.
I'm raising hell!

Raising Hell!

This is a war
That can never be won
Let me go!

I'll fight forever as the heavens fall.
I'm raising hell!

This is a war
That can never be won
Let me go!
I'll fight forever as the heavens fall.
I'm raising hell!

This is a war
That can never be won
Let me go!
I'll fight forever as the heavens fall.
I'm raising hell!

This is a war
That can never be won
Let me go!
I'll fight forever as the heavens fall.
I'm raising hell!
