

Seven Days

Bullet For My Valentine

Here it comes again
Yeah

What if
You always wait 'til you crave it
Seven days 'til it comes to get you
Nothing better
You can't say no to this one thing

You've had it all given to you

Fuck it
Just why don't you get it
Better days to hold onto nothin'
Why is it
You can't say no to this one thing

You've had it all given to you
You never had to work at all before

I never meant it
I never felt it
I'm never takin' back a single word I said
I'll never take it back now!
I never meant it
I'm never takin' back a single word I said

What if
You always wait 'til you crave it
Seven days 'til it comes to get you
You can't say no to this one thing

You've had it all given to you

Fuck it
Nothing, why don't you get it
Better days without you and nothing
Why is it
You just can't say no

You've had it all given to you
You never had to work at all before

I never meant it
I never felt it
I'm never takin' back a single word I said
I'll never take it back now!
I never meant it
I'm never takin' back a single word I said

I never meant it
I never felt it
I'm never takin' back a single word I said
I'll never take it back now
I never meant it
I'm never takin' back a single word I said
