

# Take It Out on Me

## Bullet For My Valentine

Oh yeah

I'm always thinking of you  
And all the things that you do  
Self-centered satisfaction  
No more will I run from you

Dysfunction family values  
I'll die but I will not fear  
Stop talking words of wisdom  
You fool I'm standing right here

The world is on your shoulders  
The weight it's crushing me  
Now we're all getting older  
Take it out, take it out, take it out, take it out

Take it out on me, take it out on me  
Take it out on me, take it out on me  
Vent your frustration on me

I feel so much destruction  
In everything that you do  
Anger is creeping in me  
Watch I don't explode on you

My rage it comes so quickly  
One spark and I will ignite  
Self-harming mutilation cuts deep  
But the pain feels so right

The world is on your shoulders  
The weight it's crushing me  
Now we're all getting older  
Take it out, take it out, take it out, take it out

Take it out on me, take it out on me  
Take it out on me, take it out on me  
Vent your frustration on me

This fire burns inside  
This fire burns inside  
There's no where left to hide

This fire burns inside  
This fire burns inside  
This rage can't be denied

The world is on your shoulders  
The weight it's crushing me  
Now we're all getting older  
Take it out, take it out, take it out, take it out

Take it out on me, take it out on me  
Take it out on me, take it out on me  
Vent your frustration on me

Take it out
