

Take It Out on Me

Bullet For My Valentine

Oh yeah

I'm always thinking of you
And all the things that you do
Self-centered satisfaction
No more will I run from you

Dysfunction family values
I'll die but I will not fear
Stop talking words of wisdom
You fool I'm standing right here

The world is on your shoulders
The weight it's crushing me
Now we're all getting older
Take it out, take it out, take it out, take it out

Take it out on me, take it out on me
Take it out on me, take it out on me
Vent your frustration on me

I feel so much destruction
In everything that you do
Anger is creeping in me
Watch I don't explode on you

My rage it comes so quickly
One spark and I will ignite
Self-harming mutilation cuts deep
But the pain feels so right

The world is on your shoulders
The weight it's crushing me
Now we're all getting older
Take it out, take it out, take it out, take it out

Take it out on me, take it out on me
Take it out on me, take it out on me
Vent your frustration on me

This fire burns inside
This fire burns inside
There's no where left to hide

This fire burns inside
This fire burns inside
This rage can't be denied

The world is on your shoulders
The weight it's crushing me
Now we're all getting older
Take it out, take it out, take it out, take it out

Take it out on me, take it out on me
Take it out on me, take it out on me
Vent your frustration on me

Take it out
