

## Leather love

Bullet

I know what's your desire  
Ohh, when it's midnight  
I bring you down for pleasure  
I bring you down for pain

Don't you know, tonight the night has come  
You will see, I'll teach you right from wrong

I bring you leather love  
I'm hungry for you  
Leather love  
Are you ready for me, are you ready to feel the heat  
Leather love  
I'm hungry for you  
Leather love  
I'll teach you how to do

And when you're down and dirty  
Not your clothes, your mind  
So get down on your knees  
And do what I please

Don't you know, tonight the night has come  
You will see, I'll teach you right from wrong

I bring you leather love  
I'm hungry for you  
Leather love  
Are you ready for me, are you ready to feel the heat  
Leather love  
I'm hungry for you  
Leather love  
I'll teach you how to do

I bring you leather love  
I'm hungry for you  
Leather love  
Are you ready for me, are you ready to feel the heat  
Leather love  
I'm hungry for you  
Leather love  
Are you ready to get down on your knees,  
And do what I please  
Leather love  
I'm hungry for you  
Leather love  
I'll teach you how to do
