Roadking

Bullet

Out on the street there's gonna be some action I won't hesitate no time to waste Smoke round my wheels good signs for good deals 650 horses hell yeah it feels

There are no boundaries for me No way I'll change High speed's my satisfaction Alright!

Wild king, Roadking Spinning wheels are smoking Wild thing, Roadking What a mean machine

You better run you better not stay here
Time is something you should fear
Down the highway you wanna play by the rules
If you can't run the line your ride is mine

There are no boundaries for me No way I'll change High speed's my satisfaction Alright!

Wild king, Roadking Spinning wheels are smoking Wild thing, Roadking What a mean She's a mean machine
