

Turn it up loud

Bullet

Every day feels like the same but we know what we wanna do
We wanna turn it, turn it up loud
That's what we have to do

We're as one with the sound, it takes us high
We can't get enough
More power, more gain
Let's blow the fuse

Turn it up loud
Turn it up loud
We're one with the crowd
Turn it up loud
Turn it up loud
We're one with the crowd

We are the boys that bring you the noise
Right from the stage
You are the crowd, screaming so loud
There's no me and you

We're as one with the sound, it takes us high
We can't get enough
More power, more gain
Let's blow the fuse

Turn it up loud
Turn it up loud
We're one with the crowd
Turn it up loud
Turn it up loud
We're one with the crowd

Turn it up loud
Turn it up loud
Turn it up loud
We're one with the crowd

Turn it up loud
Turn it up loud
We're one with the crowd
Turn it up loud
Turn it up loud
We're one with the crowd
