

The Smile That Kills

Burden of a Day

I'm still so glad you're here
Let's make the most of the time we share
I'm still here
Dancing so long
Singing my song
Wearing so well
A smile that kills
The glamour that holds
My soul at will
Check me out
Mirror oh mirror on the wall
Who's the fairest see them fall
Who's the fairest of them all
The sick relation
Of what we've come to know
The congregation
Of our fine feathered souls (We're gonna fly)
We have the comfort
We have the comfort of
We're here today and gone tomorrow
It's time to play so let it all go
So hold on tight
We're in for the ride of your life
We're gonna play it over and over again
We find ourselves here
So far from home
Our eyes have tall tails
Dark lines have shown us
So turn your eyes dear
Don't watch my heart fade
Just dim the house lights
And like we all have said
It was worth all the while
The sick relation
Of what we've come to know
The congregation
Of our fine feathered souls (We're gonna fly)
We have the comfort
We have the comfort of
We're here today and gone tomorrow
It's time to play so let it all go
So hold on tight
We're in for the ride of your life
We're gonna play it over and over again
Your place is here in our hearts
