

## Last Escape

**Burgerkill**

In this stillness, stiff and cold  
Drowning into the hole, pale face got last resort  
Goodbye...

All your hope left, by your soul flying  
I'll pray for you...  
For the last time, I want to see you again my friend  
Now you're in eternal life, now you're in eternal life  
Rotting away...

You passed away, in a prophet ways  
With the needle in your hand,  
Agony injected... With no regret  
Worthless piece of life, drag you down to last escape!

Bitter taste of pain, within your desperate  
You're gone forever, Goodbye...
