

Shadow Of Sorrow

Burgerkill

Today my heart is dying
No more feeling, just a fucking thing...
Bitter taste of desperate...

Reject, dissapoint is the word
For many excuses
I've lost in my own faith...

Sold my heart to nothingness
Broken faith I cannot fix
My heart is dying...

Give me one last breath
To prove myself right

Shadow Of Sorrow...
Just A fucking thing,
Kill Me!

Give me one last breath
To prove myself right
Give me one last breath
To live my way, To live my hate...

Shadow Of Sorrow...
Dying...
