

## Shadow Of Sorrow

**Burgerkill**

Today my heart is dying  
No more feeling, just a fucking thing...  
Bitter taste of desperate...

Reject, dissapoint is the word  
For many excuses  
I've lost in my own faith...

Sold my heart to nothingness  
Broken faith I cannot fix  
My heart is dying...

Give me one last breath  
To prove myself right

Shadow Of Sorrow...  
Just A fucking thing,  
Kill Me!

Give me one last breath  
To prove myself right  
Give me one last breath  
To live my way, To live my hate...

Shadow Of Sorrow...  
Dying...
