

Near Dark

Burial

"Going out, I'm just, I'm just not innit, at all,
people are still there"

I envied you
I envied you
I can't take my eyes off you

I envied you
I envied you

I envied you
I envied you

I can't take my eyes off you

I envied you
I envied you

I can't take my eyes off you

I envied you, girl
I envied you, girl

I envied you, girl
I envied you, girl

I can't take my eyes off you

I envied you, girl
I envied you, girl

I envied you, girl
I envied you, girl

I can't take my eyes off
