You are the temptress that blinded me You are the temptress that blinded me

I hate this conflicted condescending life. I strive to be free My heart pulls me in your direction, but this melody takes all of me

To you this is just a phase. A stage, a stage for my reflection You say you have the answers. Now hold me down, down forever You say you have all the answers. Now hold me down, down forever

Control is driving me away. My heart deceiving me to stay We got these pictures on the wall, it's time to bury you my dea $\ensuremath{\mathtt{r}}$

I'll live my life on my own now. Don't have to carry all your fears

Your words confusing me, contradicting what I see
You make a liar out of me. Two worlds colliding catastrophe
Break it down

We are forsaken,

We are forsaken,

We are forsaken,

We are forsaken,

Control is driving me away. My heart deceiving me to stay We got these pictures on the wall, it's time to bury you my dear

I'll live my life on my own now. Don't have to carry all your fears
