

Have we gotten crazy?  
Or all fucked up in our own ways?  
It's time to open your eyes  
It seems so blind and jaded  
Just because we're not the same  
We're getting used to the lies

We can't be what they wanted  
It changes everything

Take a look at the face in the mirror  
Don't be another bitch in a magazine  
Let it go, it'll all disappear  
Nothing is real inside this masquerade  
We're all just living in a dream

It's not overrated  
Nothing's worth the price you pay  
If you change who you are  
Wipe that look off your face  
It's okay to wander  
Just don't change who you are

We can't be what they wanted  
It changes everything

Take a look at the face in the mirror  
Don't be another bitch in a magazine  
Let it go, it'll all disappear  
Nothing is real inside this masquerade  
We're all just living in a dream

Get lost, get lost, get lost inside yourself  
You're just the fool I thought you'd be

Take a look at the face in the mirror  
Don't be another bitch in a magazine  
Let it go, it'll all disappear  
Nothing is real

Take a look at the face in the mirror  
Don't be another bitch in a magazine  
Let it go, it'll all disappear  
Nothing is real inside this masquerade  
We're all just living in a dream

(Get lost, get lost, get lost inside yourself...)
