

# Mistakes

## Burn Season

Well alright  
I'll put my heart into one more thing  
Put my life on one more page  
That I know everyone will ignore

And alright  
I'll let you in on one more thing  
Pull my faith and one more dream  
Cant ignore me much longer  
For much longer

So I pay for everyone elses mistakes  
And I can't help it  
Every word they have said  
Yea I'm so alive  
I feel like I'm down

What ever happened to faith  
What ever happened to all the signs  
Always have shown me the lane  
It seems like I've wasted all my prime

But I remember  
Feeling so high  
All that i ever remember is all that fucks up and we're living a lie

Pay for everyone elses mistakes  
And I can't help it  
Every word they have said  
Yea I'm so alive  
I feel like I'm down  
Even after a kick in the head  
Realise when your dead inside  
You'll find a way  
To kill the light  
That's driving you insane

(Right now)  
Now I feel the sun is up this  
(Right)  
Just kill me now if this is going to be

So I pay for everyone elses mistakes  
And I can't help it  
Every word they have said  
Yea I'm so alive  
I feel like I'm down  
Even after a kick in the head  
Realise when your dead inside  
You'll find a way  
To kill the light  
That's driving you insane
