

Suffering

Burn Season

Finally,
Ive found something that,
Completes me,
But how long will.

You watch it all go by,
As you keep looking to the sky.

Cause I'm suffering,
Suffering everytime you leave,
Wont let you just run away,
Cause i cant escape,
All the suffering.

Finally,
I've found someone who,
Completes me,
But how long will.

You watch your life go by,
As you keep looking to the sky.

Cause I'm suffering,
Suffering everytime you leave,
Wont let you just run away,
Cause I cant escape,
All the suffering.

I cant break them,
Its hard enough to speak when,
You break me down,
I'm alone again.

I don't feel it,
I know cant you see that,
You break me down,
I'm alone again.

Cause I'm suffering,
Suffering everytime you leave,
Wont let you just run away,
Cause I cant escape,
All the suffering.

Cause I'm suffering,
For you.
