

# Walk Away

## Burn Season

Thinking  
Am I making  
More mistakes again  
Am I ever gonna win

Chasing  
Never reaching  
For an open hand  
It slaps me where I stand

I'm still stuck here  
Pretending to be happy  
Pretending to be something  
When I know it isn't real

Way, you walk away  
And I don't need anybody  
I wont need anybody  
Way, you walk away  
And I don't need anybody

Changing  
Still arranging  
Who I really am  
You still don't give a damn

Facing  
Mind is racing  
Finely here I am  
It stops me where I stand

Way, you walk away  
And I don't need anybody  
I won't need anybody  
Way, you walk away  
And I don't need anybody

Walk away

I'm still stuck here  
Pretending to be happy  
Pretending to be something  
When I know it isn't real

Way, you walk away  
And I don't need anybody  
I won't need anybody

Way, you walk away  
And I don't need anybody  
I won't need anybody

Way, you walk away  
And I don't need anybody  
I won't need anybody

Way, you walk away

And I don't need anybody  
I won't need anybody

I'm still stuck here  
I'm still stuck here  
I'm still stuck here  
Here
