

Commercial Development

Burning Spear

The new Commercial Development
Political and Material
Get so vicious
You don't know who to trust
You don't know who to trust

Someones want too much
That's why it cost a fuss
Greedy cost environment
Greedy why you want to hurt I
I am a liver on creation
With good intention
I am a liver on creation
With good intention

Here I stand
Living in the surrounding of this new
Commercial Development
Here I stand
With no intention to trouble no one
Here I stand

No, no, no, no, no, no Mr. man
Why Why ooooooh
Greedy cost environment
Greedy why you want to hurt I
Nothing or no one remains the same in life
So changes become a part of life

Jah be with I and I
Groing out and coming in
From all evil things and devil doers
Accident include

So you want to hurt I. Why?
Why you want to hurt I
I am a liver on creation
With good intention
